WELCOME TO THE FIFTEENTH ANNUAL GEORGIA SUMMIT

NEW HORIZONS IN PODIATRIC MEDICINE

A Message to Our Valued Vendors and Corporate Partners

Plans for the Fifteenth Annual Georgia Summit are underway with many exciting changes as we enter a new venue. We have an outstanding faculty being assembled and are looking forward to your participation. We value our vendor friends and supporters and always seek your input into ways to improve the experience for each participant. At the close of each conference we ask for your evaluation and constructive criticism of all aspects of the conference.

We plan several positive changes for the 2012 Georgia Summit. We will be implementing a three track program to include a Medical Track, Surgical Track and a Lab Track. These changes should help increase attendance and drive buyers to your booth as there will be increased opportunities to expose the attendees to a larger number of skills and product. Your participation is no more expensive as we have held Exhibit Fees at the 2010 level. As in previous years, each vendor will be allowed up to two complimentary meals and breaks each day. This has been a popular feature at our programs and it is our pleasure to continue this tradition. We plan to have more activities inside the Exhibit Hall itself. All meals and breaks will begin in the Exhibit Area. The new floor plan will drive more attendees into the area where presumably there will be more interaction. Also, we plan to have activities that relate directly to the new track format requiring attendees to visit exhibit booths to get signatures to make them eligible for prize drawings later. In order to obtain your company's signature, the attendee will actually have to listen to the company representative's presentation. Of course, all vendors are invited to attend the entertainment event on Friday evening to network with the attendees. The exhibit hall will be open for one hour for passed finger foods and a cash bar before the dinner is served. There will be multiple forms of entertainment to try to encourage a larger turnout for the evening. This event is again provided complimentary to our vendors and Corporate Partners.

New This Year . . .

We are pleased to announce that we will offer a lab track as part of our educational offering. These labs will be based on topics that will be presented in our medical and surgical tracks. We invite you to submit an abstract for your product or service. There is **NO CHARGE** for your participation but there is also no fee paid for your presentation. If you are selected, you will be required to present your lab twice at times specified by the GPMA/GPMEF. You will need to have all materials necessary for the execution of your demonstration and your presentation must qualify for a CME. The lab should last at least one hour and no more than one and one half hours.

Submissions must be received no later than July 15, 2011.

In these times of tightened budgets, we encourage you to consider the advantages of Corporate Partner status. There are several perks listed elsewhere in this Prospectus that make this opportunity very attractive to our business associates and supporters. We have a newly updated web site that identifies those companies who are Corporate Partners, with direct links to their web sites. This is valuable free advertising for those companies. Corporate Partner status provides the most economical means of support and participation in the educational programs of the GPMA and GPMEF with the highest recognition of that support and participation in the podiatric community.

We thank you for your past support and solicit it again for the 2012 Fifteenth Annual Georgia Summit February 15 -18, 2012 in Atlanta, Georgia

Please note that the Georgia Podiatric Medical Education Foundation is a 501c3 non-profit organization. It is a separate entity and does not issue CME's. This will allow you to donate your funds to GPMEF without restriction.
