23rd Annual Georgia Summit *February 2021*

WWW.GAPMA.COM/SUMMIT

Welcome

Dear Colleague,

Welcome to the Georgia Podiatric Medical Educational Foundation's online 23rd Annual Georgia Summit!

Over the course of this three-weekend event, you will enjoy sessions covering the full spectrum of podiatric medicine and surgery as well as practice management. The educational instruction will enhance your skills in a broad range of surgical and medical areas including minimally invasive surgery, orthoplastics and pain control, forefoot, rearfoot, and ankle complications and reconstructive surgery, skin coverage options, and more! The tracks will feature engaging panel discussions that you do not want to miss.

We will also offer a risk management lecture. PICA policyholders who attend this risk management session are eligible for up to a 10-percent premium discount. Those attendees who have participated in other meetings or the home study and received a 10-percent PICA discount, can receive an additional 5-percent discount for attending this risk management session up to a 15-percent total discount for your annual policy renewal cycle.

Attendees will be able to ask speakers questions in real time and by email to facilitate dialogue and engagement throughout the conference and afterwards enhancing the educational experience.

We extend our sincere thanks to our outstanding corporate partners, sponsors, and featured vendors that support the practice of podiatric medicine across our great state. These companies play a vital role in our community and advancement of the profession.

Thank you for participating in our online 23rd Annual Georgia Summit. We hope that you will find the conference to be an exceptional educational event.

All my best,

Javan Bass, DPM, FACFAS
