As a GPMA corporate member you will benefit from the specific advantages offered in our corporate membership program and your position in the healthcare marketplace will be strengthened. Corporate members have unparalleled access to podiatrists in Georgia. Supporting podiatric medicine increases your credibility and positions you as a leader in your product or service area. Industry plays a significant role in the advancement of the practice of podiatric medicine. We have much to gain by working together to support Georgia's podiatric physicians and surgeons.
